

**LESS OF YOUR LIP**

Vita Citral Lip Balm from HÉLIABRINE Monte Carlo, repairs and protects chapped lips with pure shea butter. The balm is enriched with sunflower seed oil, beeswax and soya bean oil. It hydrates and nourishes the lips. Soothes and repairs, while re-establishing cutaneous comfort due to strong re-structuring properties.

**Mother Nature**

Minerelle Natural Skincare is the ideal union of science and nature. Ideal for sufferers of rosacea and other fragile skin conditions the skincare provides gentle, natural products for each stage of the skin care routine: Moisturiser, Exfoliating Scrub, Facial Cleanser, Body Wash and, key product - Centella Gel - formulated specifically for people with damaged and fragile skin. Free of parabens, toxins, petrochemicals, fillers and ingredients they are enriched with premium, natural ingredients, such as centella asiatica. Contact: Minerelle (07) 3904 8032.

**BAKED BY SCIENCE**

Bakel Hydrigel gel solution with aloe juice, detoxifies, oxygenates and reinforces the skin's defence system.

It carries out a natural soothing effect yielding precious oligominerals and encourages retention of hydration by preserving the skin's natural moisturising factor (NMF). Equigel carries oligominerals and thanks to the presence of malic and mandelic acids, it stimulates cellular turnover renewing the epidermis. It tones the skin and makes it luminous preparing it to efficiently receive subsequent treatments. Pureact Oil is a mix of natural oils that delicately cleanse the skin, removing make-up and impurities whilst respecting the physiological pH of the skin and without weakening the epidermal defence.
